After chipping in with four block assists in SPU's 3-1 win over Alaska on Thursday, Hair delivered five solo blocks to stifle the Alaska Anchorage attack in a 3-1 triumph on Saturday. Hair leads the GNAC with an average of 1.59 blocks per set, while ranking fifth in the league in hitting percentage at .297. Hair now has six-career player of the week awards – 4 defensive, 2 offensive – ranking her tied for seventh in GNAC history with WWU's Marlayna Geary and NNU's Madi Farrell. "Hannah has been a leader on our team for several years," said SPU head coach **Jason Rhine**. "She always works really hard at practice and in matches, and is a high talent for attacking and blocking. She was reading the offense well last week. She is having some really great numbers, but to me the most important thing is that she's a really good teammate and emotional leader for us. She sets the tone, especially defensively, of how to compete hard and slow down the other team."

Week of Oct. 2-8: Offensive: Karla Soto, Saint Martin's - Soto's stat line stood out last week, as she ranked second among GNAC players with 11.14 assists per set while dialing up five service aces and averaging 3.29 digs per set on the defensive side of the ball. Soto followed up with a 32-assist, 11-dig performance in Saturday's 3-0 sweep of Alaska. "She's exactly what you would want in a senior captain," said Behnke. "She is a floor leader, is vocal and there is not a day when she is not smiling. She made some adjustments in the matches last week and was really good on the decision making side. In the postgame talk I said that she is resilient, and that is what we are seeing from our group right now." **Defensive: Sirena Peredo, Saint Martin's** - Peredo continued her standout freshman campaign with an average of 4.86 digs per set to go along with 3.43 kills per set to help her team to a pair of victories. Peredo started her week with a season-high 17 kills and completed her fifth double-double of the season adding a season-high 18 digs in SMU's 3-1 win over UAA. Peredo followed with 16 digs and seven kills in the sweep of the Nanooks, and contributed three total blocks on the weekend. "She has a balanced game," said Behnke. "She's on the shorter side, so she has to be really creative offensively. She stays aggressive but knows when to throw in some off-speed shots. Making adjustments is something she is doing a really good job of right now."

Week of Oct. 9-15: Offensive: Brooke Dexter, Simon Fraser - Simon Fraser (11-6, 6-3) made it an undefeated weekend at home thanks in large part to Dexter's performance offensively. Dexter led all GNAC players with an average of 3.67 kills per set, which helped SFU move into a three-way tie for second place in the GNAC standings. Dexter kicked off her big week with 11 kills in the Red Leafs' sweep of Western Oregon on Thursday, adding six digs and three total blocks. She followed that up with 11 more kills in Saturday's sweep of surging Saint Martin's while adding nine digs, four service aces and a block assist. "She has been a big part of our offense all season and throughout her career here," said SFU head coach **Gina Schmidt**. "She carries a big load for our team. In this weekend's games it was a whole team effort, and Brooke did what we expect her to do. She does a great job of consistently showing up every night. A lot of teams key on her as one of our main hitters, and she always has a tough job as other teams prepare for her." Dexter single-handedly put the finishing touches on Saturday's sweep, starting off a match-ending 8-0 run with her 10th kill of the night. That put the ball in her hands to serve, and she ended the match on a string of seven consecutive serves including three service aces. "Defensively, from the serving line – she finds ways to contribute in a lot of ways other than just her offense," said Schmidt. "As a team in general when we have a lot of others playing well and contributing offensively, that helps as well. Teams can't just key on her because we have a lot of other players who will hurt them." **Defensive: Emma Daoud-Hebert, Central Washington** - The NCAA's second-leading blocker (1.48 bps) was up to her usual standard of play last week, racking up 11 total blocks in the Wildcats' two matches. Daoud-Hebert racked up six total blocks in Thursday's 3-1 win at Alaska Anchorage, and was a major contributor offensively with eight kills in the match. On Saturday against Alaska, Daoud-Hebert made it five straight matches with at least five total blocks as she was once again a force at the net. In addition to her defensive efforts, Daoud-Hebert's hitting percentage of .357 was sixth-best among GNAC players last week. "Emma has been there for us in a lot of ways her whole career," said CWU head coach **Mario Andaya**. "Her mindset is always about what she can do for the team right now. Blocking wise she has shown that she hasn't lost a step since having major surgery last spring. It is an art to be able to block at this level, and she continues to work on her craft while helping our team in a lot of ways. Her work ethic has made our team a lot better and we are blessed to have her."

Week of Oct. 16-22: Offensive: Karli Nielson, Alaska - The Nanooks toppled perennial power Western Washington for the first time since the 2008 season, and elevated themselves into a tie for sixth place in the GNAC standings thanks in large part to Nielson. The preseason all-conference selection was a force on the attack, averaging 3.29 kills per set and 1.00 service aces per set. Nielson narrowly missed out on her third double-double of the year against Simon Fraser on Saturday, totaling 14 kills and nine digs to go along with four service aces. That came after a nine-kill, seven-dig performance in the sweep of the Vikings last Thursday. Nielson enters the week ranked sixth in the GNAC with 2.96 kills per set. "Karli is always a statistical leader for us in kills and she does a great job scoring points for us," said Alaska head coach **Brian Scott**. "That held true last weekend and she was able to come up big for us in key moments. She worked really hard to be a solid passer in serve-serve and that really allowed our offense to run. She'd be the first to tell you that you can't be good without good teammates, and any award that comes out of our success is a reflection on the whole group." **Defensive: Hannah Hair, Seattle Pacific** - Hair bolstered her status as the preeminent blocker in Division II volleyball, upping her NCAA-leading blocks per set figure to 1.63 with perhaps her most dominant week of the year. Squaring off against No. 18 Central Washington on the road Thursday, Hair delivered a season-high 11 total blocks – including four solos – while adding seven kills in the five-set victory. She followed that with nine more blocks in the Falcons' four-set win over Northwest Nazarene, as SPU kept a firm grip on first place in the GNAC standings. "It was a big week for us, and Hannah had a really fun match against Central," said SPU head coach **Jason Rhine**. "They threw out an offense they hadn't run all season, so we had to work together to figure out how to defend it. Hannah and Allison (Wilks) did a great job of embracing that and adapting to it. Hannah threw up some really big blocks at the end of the match, on top of being consistent throughout. She does a great job of setting a competitive tone for our team and doing what it takes to win."

Week of Oct. 23-29: Offensive: Madison Hornback, Western Oregon - Hornback got it done on both sides of the ball, completing a 27-kill, 24-dig double-double in the match against the Nighthawks and a 23-kill, 17-dig double-double against the Wildcats. Thursday's performance marked the first time in 2023 that a GNAC player reached 20 kills and 20 digs in a match. Hornback's 6.25 kills per set were far and away the most by any GNAC player last week, and her 5.12 digs per set were third-

most by any player in the conference. "Shoutout to her teammates for putting her into this position," said Nahale-a. "It's incredible what can happen when these women put their mind to it and put in the work. It is super cool to be her coach and to witness her make the right decisions." **Defensive: Hannah Hair, Seattle Pacific** - Hair once again could not be stopped as she propelled the first-place Falcons to two more victories and a GNAC record of 12-1. Hair led all GNAC players with 19 blocks in SPU's two wins, and remained as the NCAA Division II leader in blocks per set with 1.73. Hair started her week with 10 blocks in the Falcons' four-set win over Alaska Anchorage, marking the third time this season she reached double figures in blocks in a single match. She narrowly missed her first double-double of the year in her team's four-set win over Alaska on Saturday, matching her season high with 11 kills and finishing with nine blocks. In addition to her defensive performance, Hair's hitting percentage of .484 was the highest by any GNAC player last week.

Week of Oct. 30-Nov. 5: Offensive: Emily Garten, Saint Martin's - Garten led the Saints on the offensive end, averaging 3.86 kills per set while racking up 27 total in her team's two matches. In the Saints' road sweep of Alaska last Thursday, Garten led all players with 13 kills while posting a .393 hitting percentage. She followed that with a 14-kill effort against Alaska Anchorage, while adding four service aces against the Seawolves. **Defensive: Reilly Plumhoff, Alaska Anchorage** - Plumhoff propelled the Seawolves to a pair of victories at home, leading all GNAC players in both digs per set (5.00) and service aces (0.88) in last week's matches. The hometown junior kicked off her big week with 21 digs in the Seawolves' 3-1 win over Western Oregon on Thursday, while adding six assists which was her second-highest single-game total of the year. Plumhoff followed with 19 digs in her team's 3-1 win over Saint Martin's on Saturday, while adding a season-high five service aces.

Week of Nov. 6-12: Offensive: Sirena Peredo, Saint Martin's - Peredo posted double-doubles in each of SMU's matches last week, and became the second player in the GNAC this season to have a 20-20 match with 24 kills and 20 digs in a five-set battle against Western Washington. Peredo started the week with 13 kills and 12 digs in SMU's victory over Simon Fraser, while adding two blocks, two assists and a service ace. The standout freshman has found her stride late in the season, with six of her 12 double-doubles coming in the last five weeks, including a stretch of three in-a-row. "She is crafty and is not afraid to take big swings against a really good block," said SMU head coach **Dan Behnke**. "Western has a very good defense that made her uncomfortable at times, but she kept at it. She has really good balance of when to hit hard and take some risk. She knows she has pretty good timing as to when she should mix up her shots. Sirena has done a good job of owning her position. She understands her limitations when it comes to her height, and she maximizes what she can from her game in the front row and the back row. She reads well and has had a successful year. She has been a part of why we have had some success, and it's exciting to see her grow as a player." **Defensive: Devyn Oestreich, Western Washington**: An instrumental figure in Western Washington's current four-match winning streak, Oestreich put up stellar defensive numbers in her team's two victories last week. She started with 19 digs in the win over Western Oregon, while adding in eight kills on the offensive side. Oestreich then completed her 10th double-double of the year with 20 digs and 15 kills in the five-set victory over Saint Martin's. Oestreich's dig total was her second highest of the season, and she also chipped in a pair of blocks in the revenge win over the Saints. "Devyn had an overall great weekend on both sides of the ball," said WWU head coach **Diane Flick-Williams**. "Specifically on defense she was able to stop other hitters so we could create opportunities for ourselves. Saint Martin's is a great defensive team and we needed somebody who could match their scrappiness. She's a good reader of the game, and she kept us in lots of points by taking shots away from their big hitters. Devyn is one of the best all-around players we have in our conference. She does it in every facet of the game, and her block has really improved. She has been incredibly stable for us."

Week of Nov. 13-19: Offensive: Ellie Marble, Central Washington - Marble helped the Wildcats finish the regular season with a pair of wins, leading all GNAC players with 4.50 kills per set on .324 hitting. The true freshman kicked off her week with a 13-kill, 12-dig double-double in CWU's sweep of Simon Fraser on Thursday, and chipped in three total blocks defensively. She followed that with 14 kills, seven digs, two service aces and two blocks in a three-set win over Western Washington in the regular-season finale. Marble has been on a tear since breaking into the CWU starting lineup against NNU on Oct. 7, reaching double figures in kills in nine of the last 12 matches. "She has been showing great improvement all year," said CWU head coach **Mario Andaya**. "We put her in the lineup 10 matches ago as a starter, and she hasn't looked back. She has been able to handle the load as an attacker and score a lot of points for us. It wasn't a surprise she was able to do what she did this weekend,

and it comes from the hard work she puts in. She has bought into the things we do here, and we are super excited with the way she performed and for what she has in store in the future." **Defensive: Hannah Stires, Central Washington** - While Marble's offensive performance helped the 'Cats to a pair of crucial wins, Stires matched the contribution on the defensive end. The junior libero led all GNAC players with 5.67 digs per set last week, totaling 34 in CWU's two victories. Stires came away with 16 digs in the Wildcats' sweep of Simon Fraser last Thursday, before adding 18 more in the sweep of Western Washington last Saturday. Stires has reached double figures in digs in 25 consecutive matches, and upped her career total to 1,517 which ranks 21st in GNAC history. "Teams stay away from her on serve-serve because she is such a deadly passer, but she continues to find ways to contribute on the defensive end," Andaya said on the fourth-year Wildcat. "Facing really good outside hitters this weekend, she was able to get digs and we converted points off of them. It's not just about the amount of digs, but the quality that she cares about. She wants us to be able to score off of them, and that's the maturity you see in her. Our team has rallied around her, and she has grown into such an incredible leader. She is making the people around her better and is really helping mentor them."
