## LEAGUE HISTORY

Established in 1993, the Pioneer Football League is the nation's only non-scholarship, football-only NCAA Football Championship Subdivision conference.

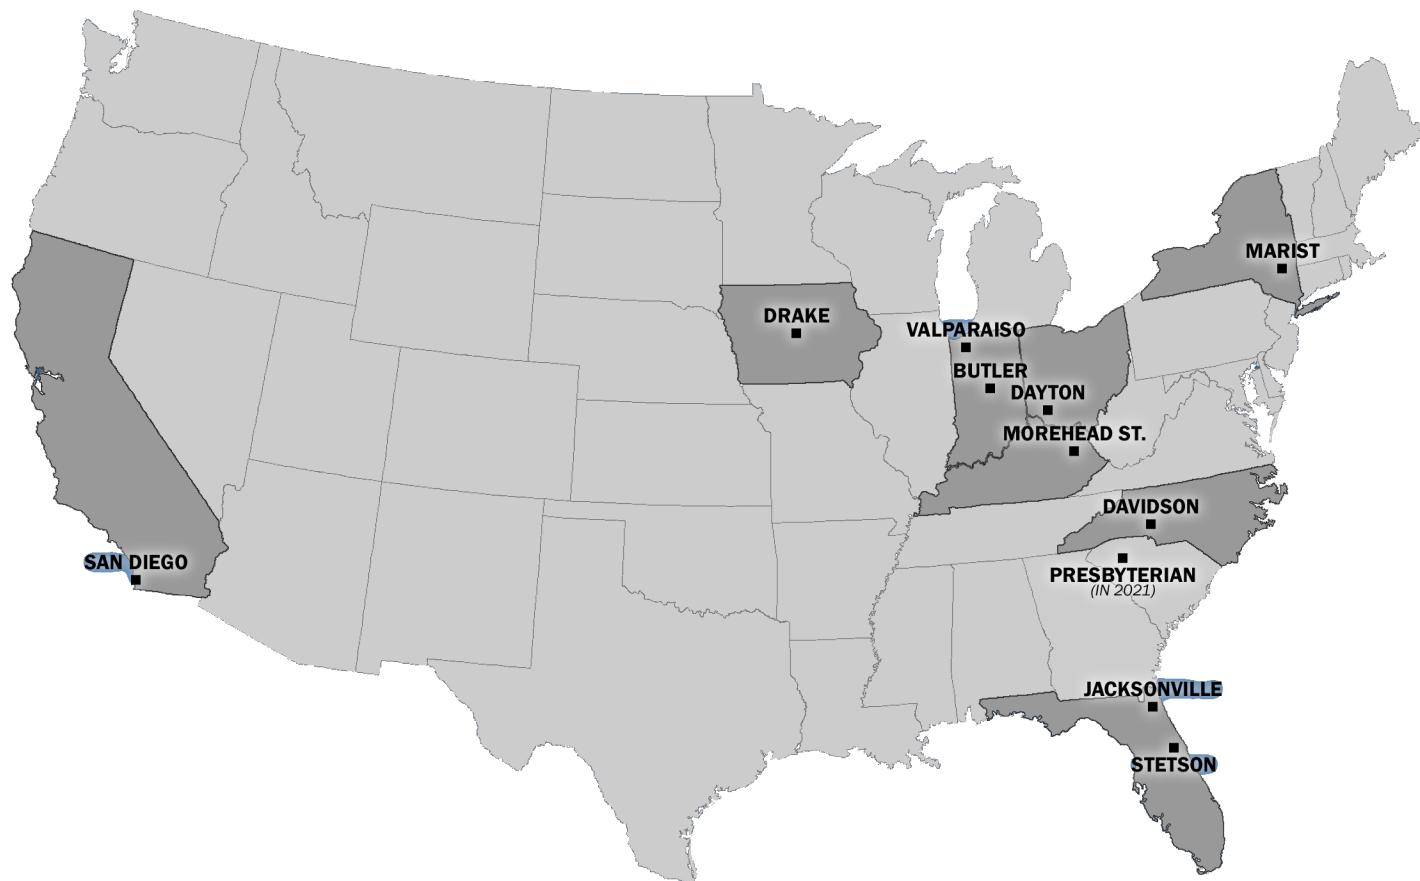

The PFL is one of only two conferences that sponsor football as its only sport (the Missouri Valley Football Conference being the other). However, the PFL is a truly national conference with members on each coast and throughout the nation's heartland. The league still retains four of its charter members – Butler University, the University of Dayton, Drake University and Valparaiso University, plus the University of San Diego (joining in 1992). That founding group was joined in 2001 by four programs, of which Davidson College, Jacksonville University and Morehead State University remain in the league. Marist College, which joined for the 2009 season, further extended the league's footprint into the northeast.

In January 1991 the NCAA passed legislation to require Division I institutions to sponsor all intercollegiate sports at the Division I level. The five charter members (Evansville the fifth before dropping football in 1997), each dedicated to the enhancement and sound management of intercollegiate football as an integral part of the student-athletes' collegiate experience, joined together to form the Pioneer Football League. From the league's inception it has been a proponent of the creation of a non-scholarship football classification within Division I and adopted the moniker of Pioneer based on the intent to become the first league in that new division. The PFL's original membership was comprised of NCAA Division I universities that previously sponsored intercollegiate football at other levels.

In recent years the league has attracted those institutions committed to the principles of the PFL model when beginning their football program, including Jacksonville which started its program in the non-scholarship mold in 1998 and Campbell University which did so in 2008. In 2013, the league expanded its footprint in the Southeast when Mercer University and Stetson University – which each restarted long-dormant programs – joined the league.

The PFL began play in 1993 with Dayton winning the league's first crown. The league spent its first season in 1993 under the administrative guidance of the Midwestern Collegiate Conference and the office moved to St. Louis in 1994 when current commissioner Patty Viverito was named the PFL commissioner, a leadership position she continues to fill.

# - Jacksonville vacated its 2010 co-championship as part of penalties for PFL rules violations.

**Notes on PFL Championship:** From 1993-2000 – and returning to the format in 2005 – the PFL was composed of one division and the championship was awarded to the team with the best conference record. From 2001-2005, the league expanded and split into two divisions with the divisional winners, who were the teams with the best record against divisional opponents, facing off in a championship game, the winner of that game was awarded the league's championship.

**NOTES:** The PFL records on this page reflect PFL penalties imposed against Jacksonville (# - vacated the 2010-14 seasons) and San Diego (% - vacated the 2013 season). In accordance with NCAA policy, the wins and ties, but not the losses, of the penalized team are dropped from its PFL record only. The won-lost records for each of the opposing teams are not changed when games are vacated. In addition, the overall records for both teams were not changed.
